About Reverie Latex

The World Sleeps Better on Reverie Latex.

Mattresses and pillows made from Reverie Latex provide the perfect balance of comfort and support so you can enjoy deep, sound sleep night after night. Reverie Latex instantaneously conforms to the shape of your body, gently supporting and comforting you all night long, with up to 33% more pressure relief than other foam bedding. So you can awaken refreshed and rejuvenated to meet the challenges of the day without the tossing and turning, without the pain and stiffness that disrupt a good night's sleep with restored energy and enthusiasm.

Reverie Latex Superior Pressure Relief for Deeper, Rejuvenating Sleep.

Reverie latex eliminates pinches and pains that interrupt a good night's sleep. It reduces high-pressure areas that shut off capillary blood flow and cause a person to toss and turn. Reverie Latex pillows and mattresses alleviate pressure to bring oxygen and nutrients to muscles to provide a deeper, more restful sleep.
